

**MEEBY**

# Design for a Changing World

Founded in 2011 Istanbul, MBY has taken part in iconic projects all around the globe, spanning four continents.

The expert technical team always takes into consideration the criteria of economical solutions, safety, quality, efficiency, technological innovations, practical solutions, and ease of use by using the latest in technological and scientific developments in each of the projects. Our company works by providing the highest quality standards in all its design jobs.

MBY adds value to all the projects, by taking fast and accurate decisions in pre-design phases, thanks to the technical knowledge, experience, and qualifications in its possession.

Areas of expertise of MBY are:  
Industrial and Power Plants,  
Earthquake Engineering,  
Façade Engineering,  
Marine Structures,  
Blast Resistant Structural  
Design,  
Architectural Structures, and  
Lightweight Structures.

Always working in coordination with design teams, site teams, and stakeholders, MBY provides appropriate engineering solutions and optimizations for the projects we partake in.

● Project

# Osmangazi Bridge

**Scope**  
Structural analysis and preparation of shop drawings regarding to the OBG Bridge decks for workshop, pre-assembly and stock phases

**Client**  
ÇİMTAŞ

**Location**  
Kocaeli, Turkey

# Schiphol Airport Temporary Corridor & A-Pier

Unique  
Projects

**Scope**  
Staged construction  
analysis and structural  
monitoring evaluation  
of Temporary Corridor,  
Detailed design of  
structural façade and  
secondary steelworks  
of A-Pier

**Client**  
Ballast Nedam & TAV

**Location**  
Schiphol,  
The Netherlands

# TRNC Drinking Water Supply Project

**Scope**  
Structural analysis of anchor type structures

**Client**  
KALYON, SIGUR ROS, OSM

**Location**  
Turkey - Turkish Republic of Northern Cyprus

Anchor Installation No.040

DIVE #16

# Istanbul Airport

Unique Projects

Scope  
Structural analysis of special steel structures in tree form

Client  
ÇİMTAŞ

Location  
Istanbul, Turkey

Unique Projects

# ÇİMTAŞ Hall 12

**Scope**  
Detailed structural  
Analysis regarding the  
crane load capacity  
and the other revisions  
of the pre-engineered  
structure

**Client**  
ÇİMTAŞ

**Location**  
Bursa, Turkey

# TÜPRAŞ İzmit Refinery

**Scope**  
Revamp project for the  
existing pipes, structural  
analysis and preparation  
of shop drawings

**Client**  
CEC Marine

**Location**  
Kocaeli, Turkey

# BESMAYA Baghdad Electrical Power Station

Industrial Structures

Scope  
Preparation of shop  
drawings for CTG &  
STG platforms and Ele-  
ctrical Building

Client  
ÇİMTAŞ

Locaiton  
Baghdad, Iraq

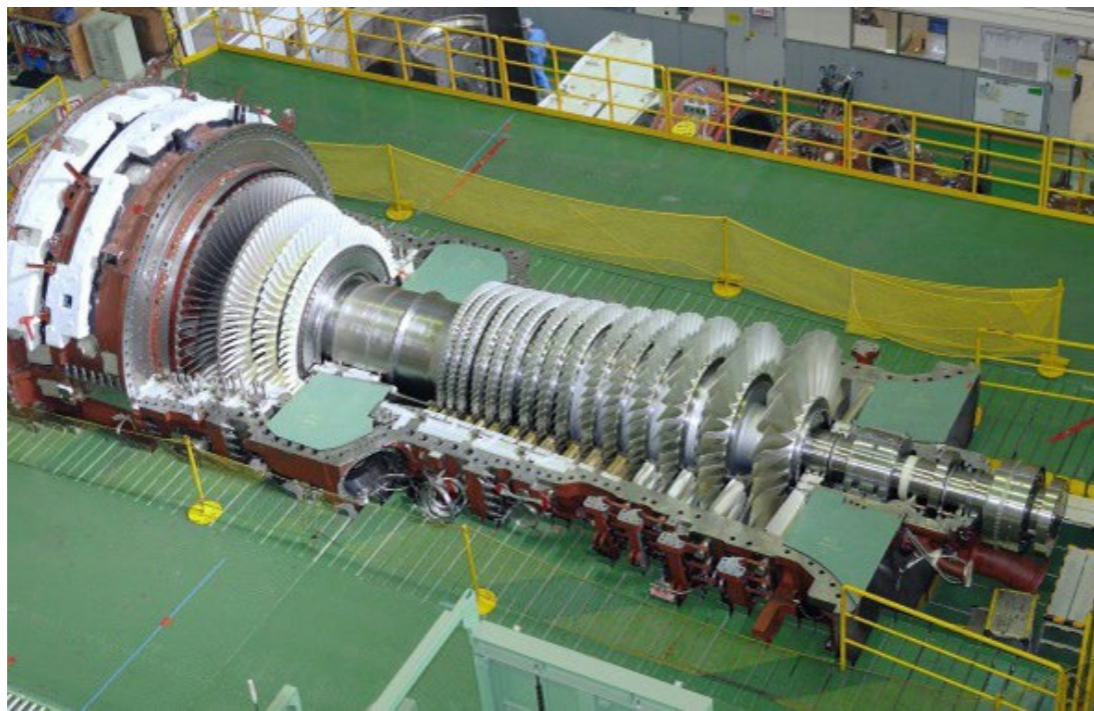

# MHPS Enclosure Modular Packages

**Scope**  
Structural design of the modular enclosure steel structure

**Client**  
ÇİMTAŞ Pipe

**Location**  
Delta, Utah  
El Paso, Texas  
Astoria, South Dakota

# Aliağa Refinery (Star & Petkim)

**Scope**  
Detailed structural design of structures. Steel fire towers, various pump foundations, ethylen oxide- ethylen glycol factory chiller renovation, caustic skid foundation, wastewater treatment new line foundations, cyclone maintenance platform, engineering services for IFOP project

**Client**  
ÇİMTAŞ Pipe

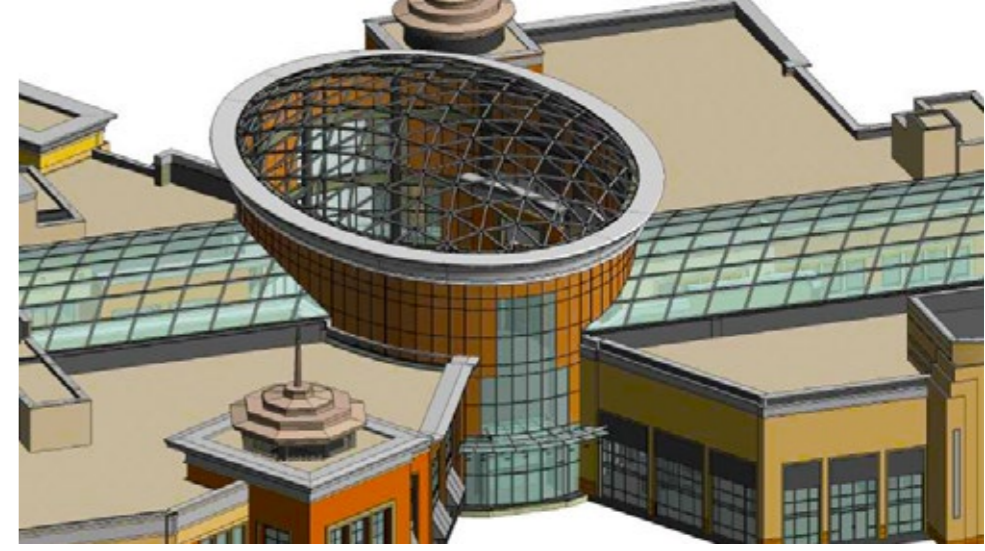

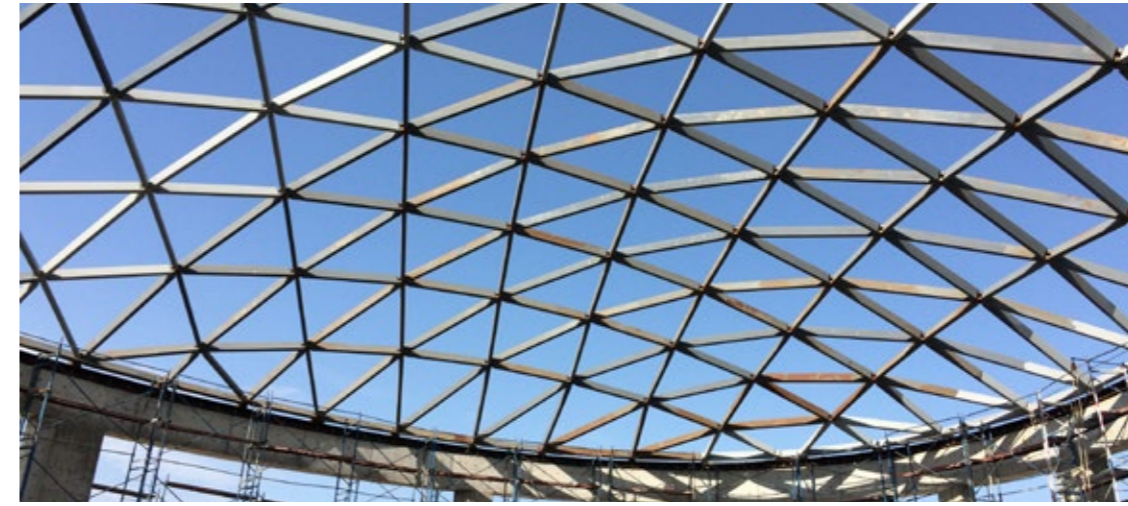

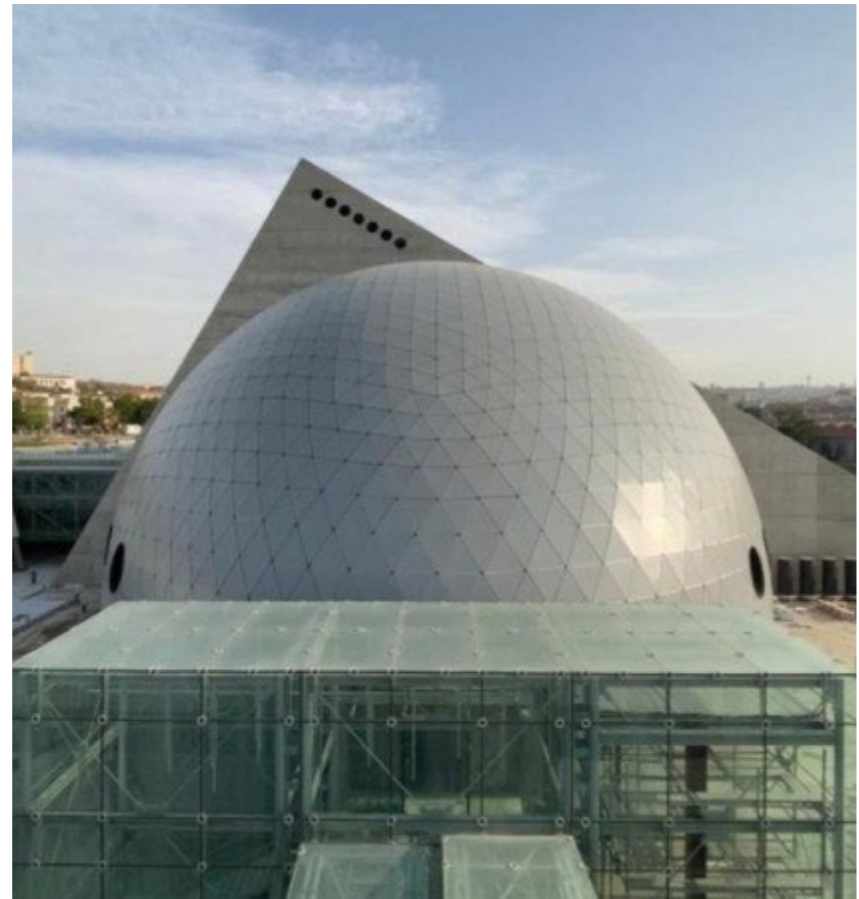

**Location**  
İzmir, Turkey

# Cumhurbaşkanlığı Senfoni Orkestrası Yerleşkesi

Scope  
Detailed structural façade  
engineering works

Client  
RYS-ROTA

Location  
Ankara, Turkey

# Azersun Dreamland Shopping Mall

Scope  
Structural steel and  
Reinforced concrete  
analysis of E Block

Client  
AZERSUN HOLDING

Location  
Baku, Azerbaijan

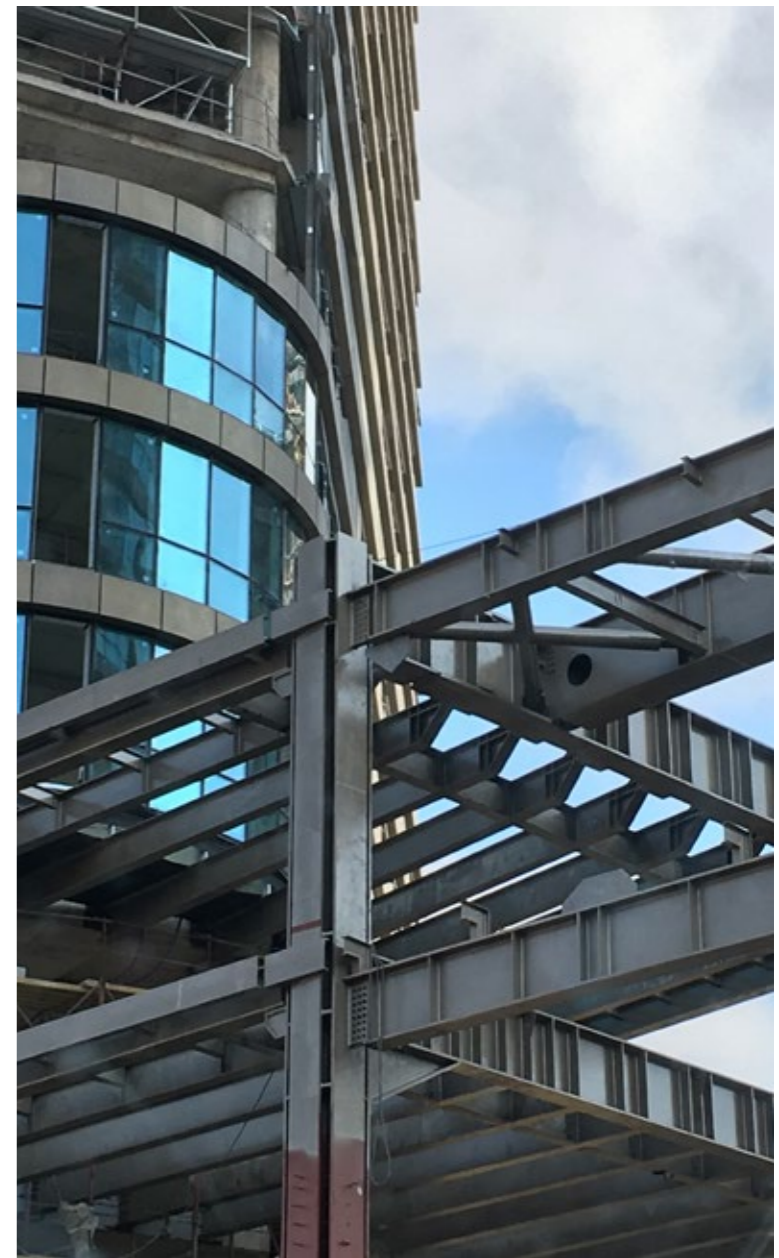

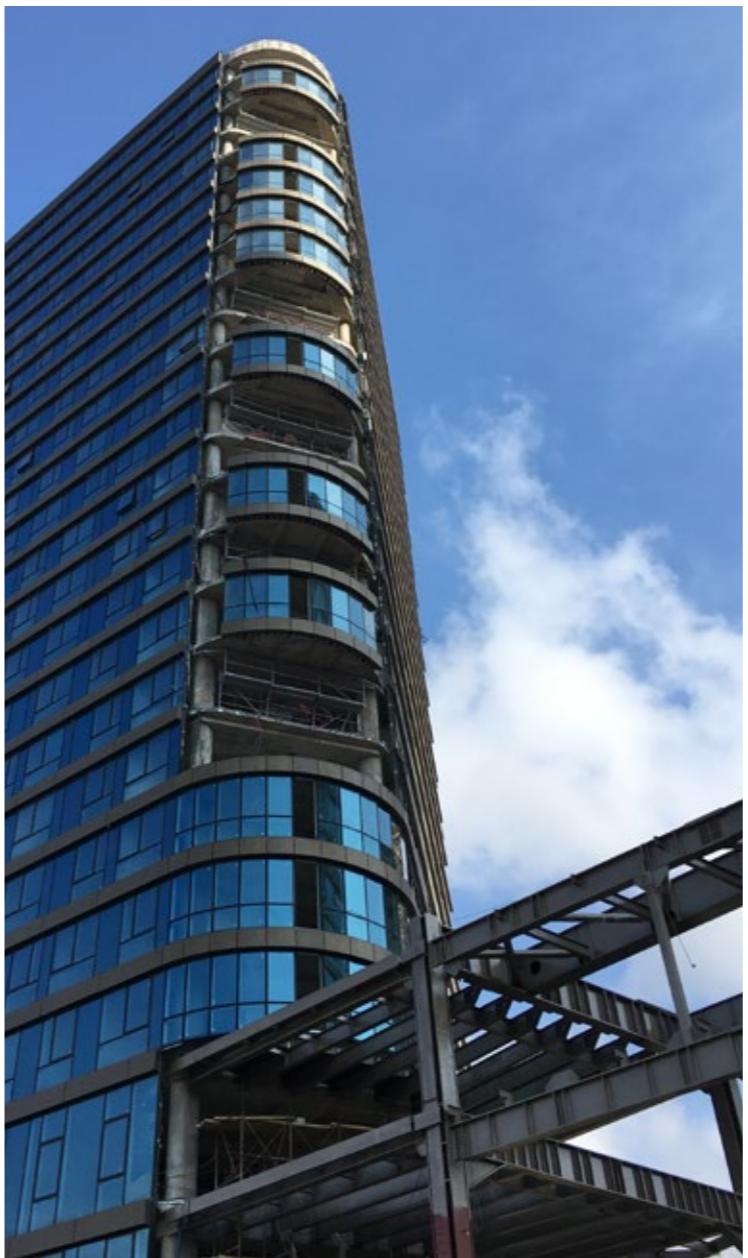

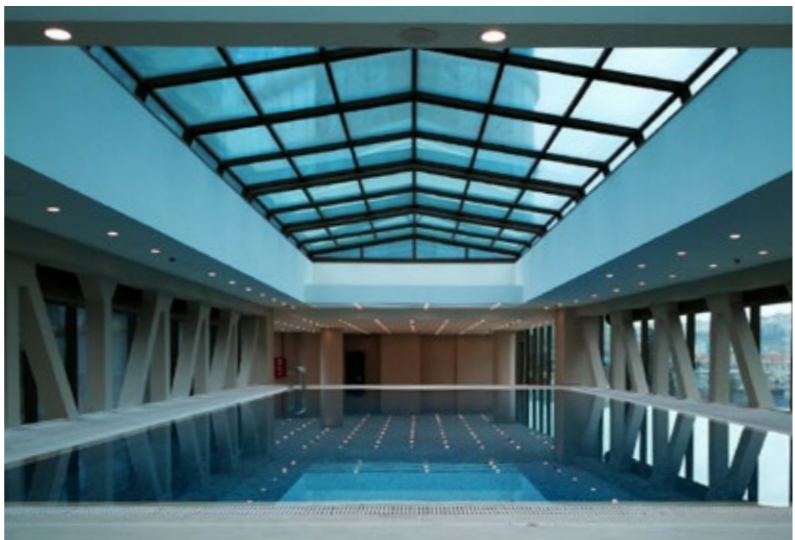

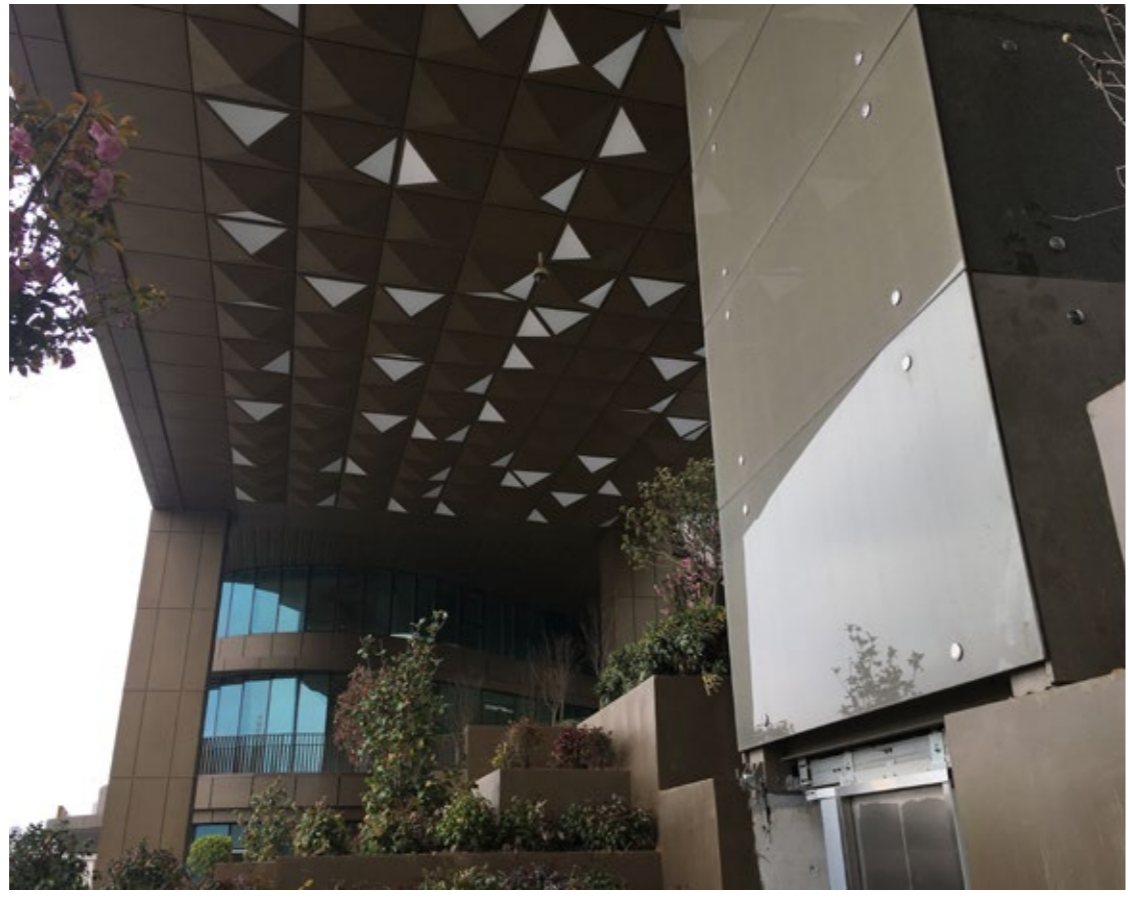

Residential  
And Office

# Yenitepe

Scope  
Structural analysis for  
the steel structures

Client  
Nuhoğlu

Location  
İstanbul, Turkey

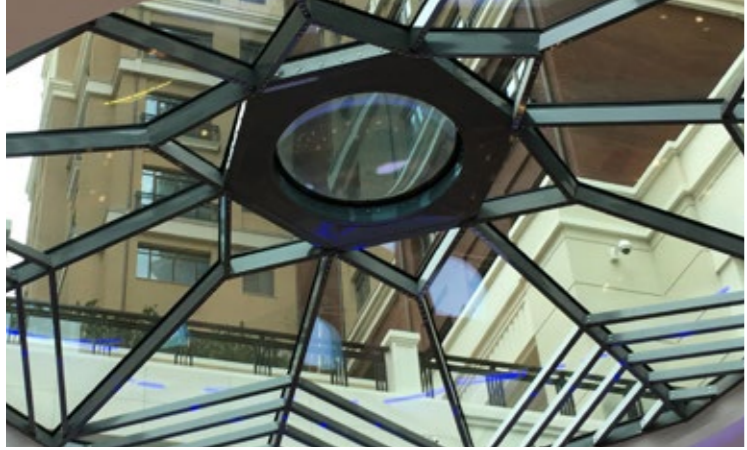

# Emaar Istanbul

Scope  
Tender design for steel canopies

Client  
EMAAR

Location  
Istanbul, Turkey

# Icon

Scope  
Structural design of façade

Client  
Dumankaya

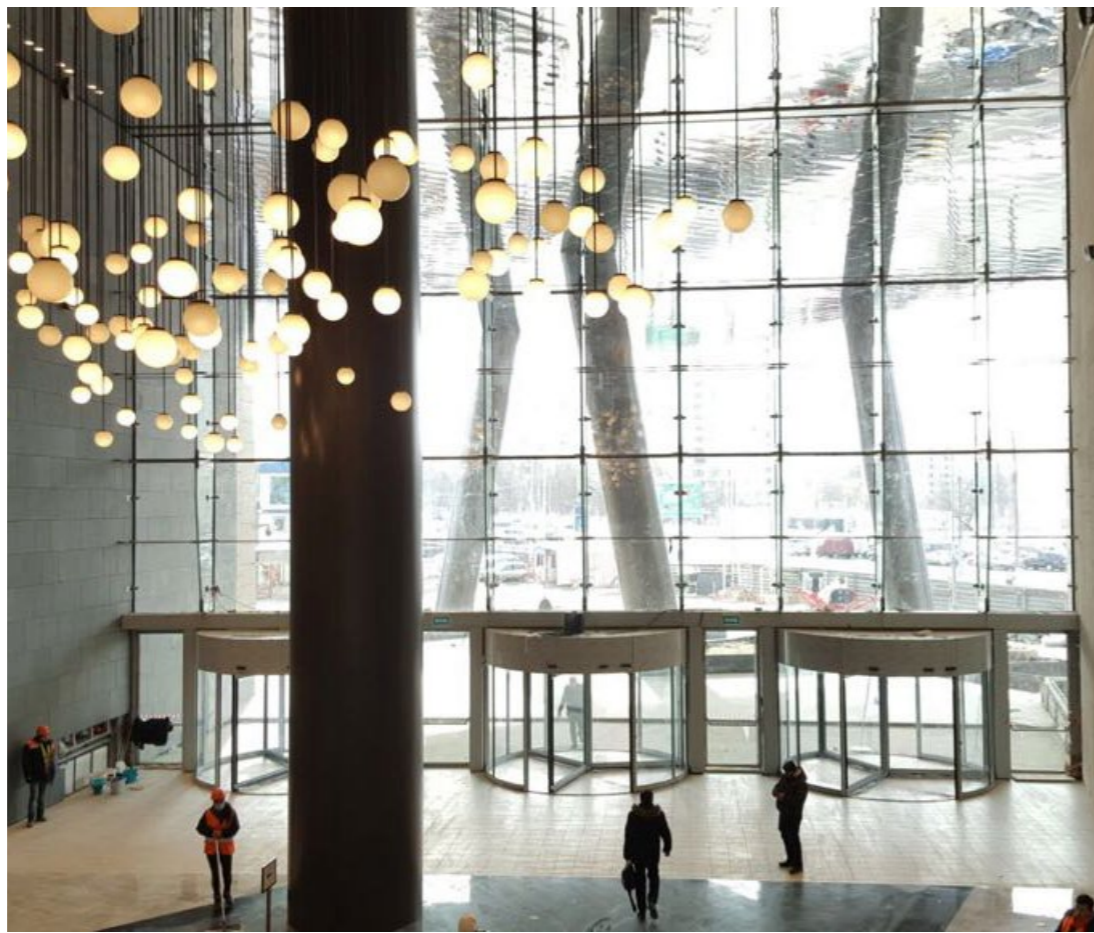

Location  
Istanbul, Turkey

# Moskova Kashirskaya Shopping Mall

Scope  
Structural analysis  
and preparation of the  
drawings for glass front  
façade

Client  
AYGÜN ALUMINIUM

Location  
Moscow, Russia

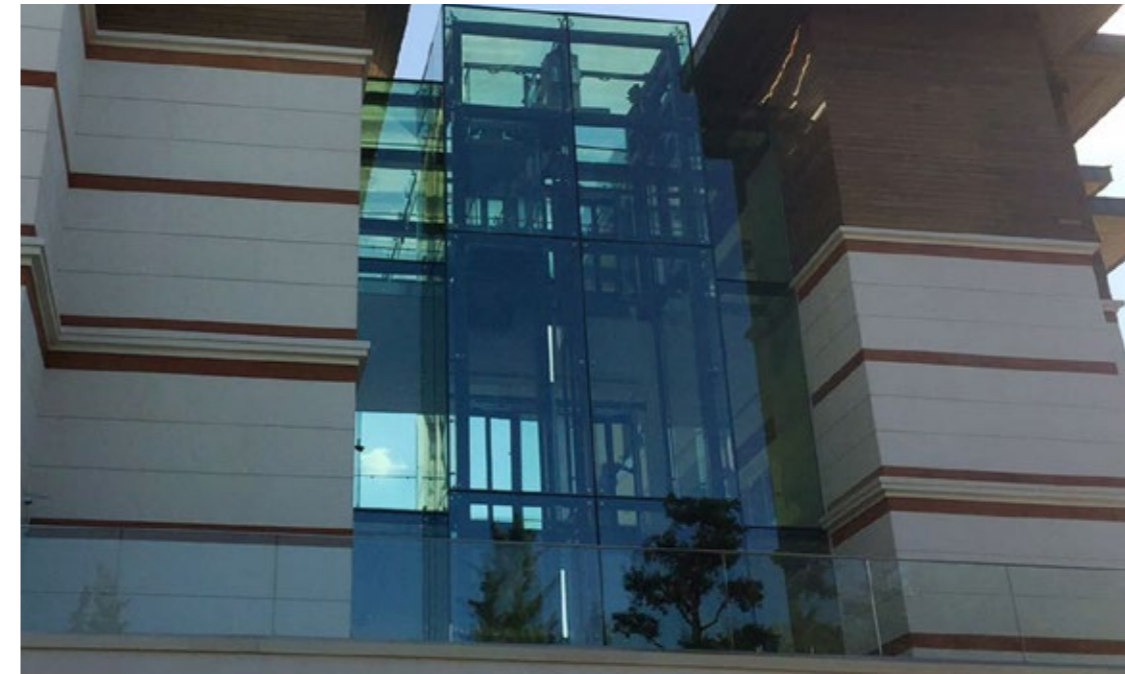

# Türkiye Gençlik Vakfı

Scope  
Structural analysis for  
structural glass fins

Client  
Özyazıcı İnşaat

Location  
İstanbul, Turkey

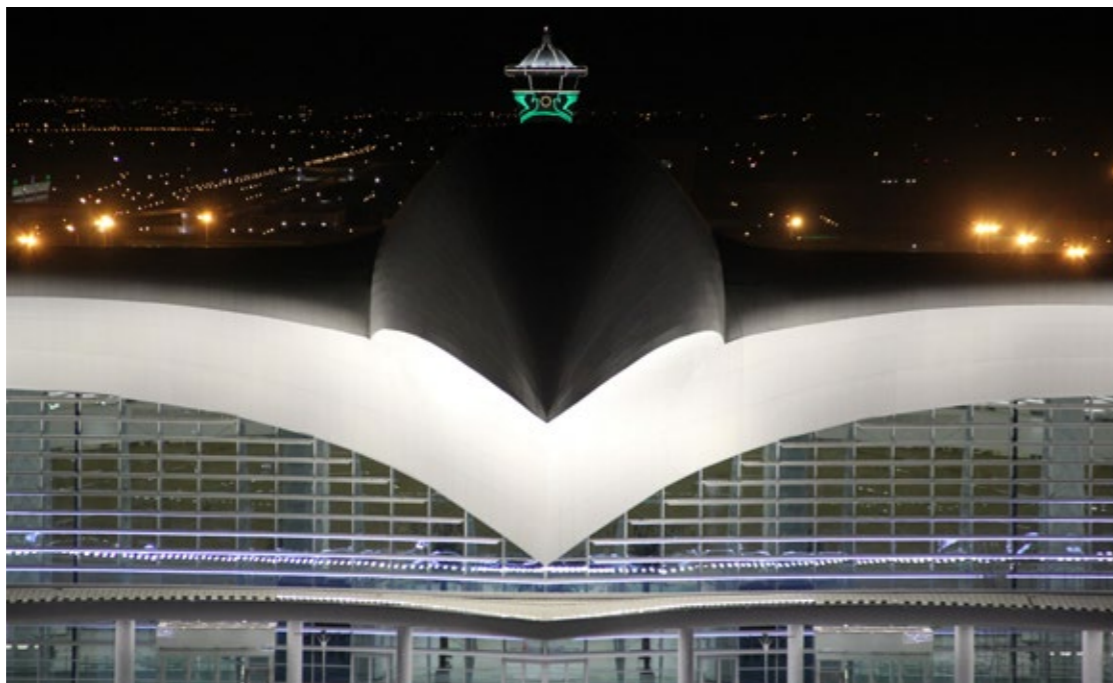

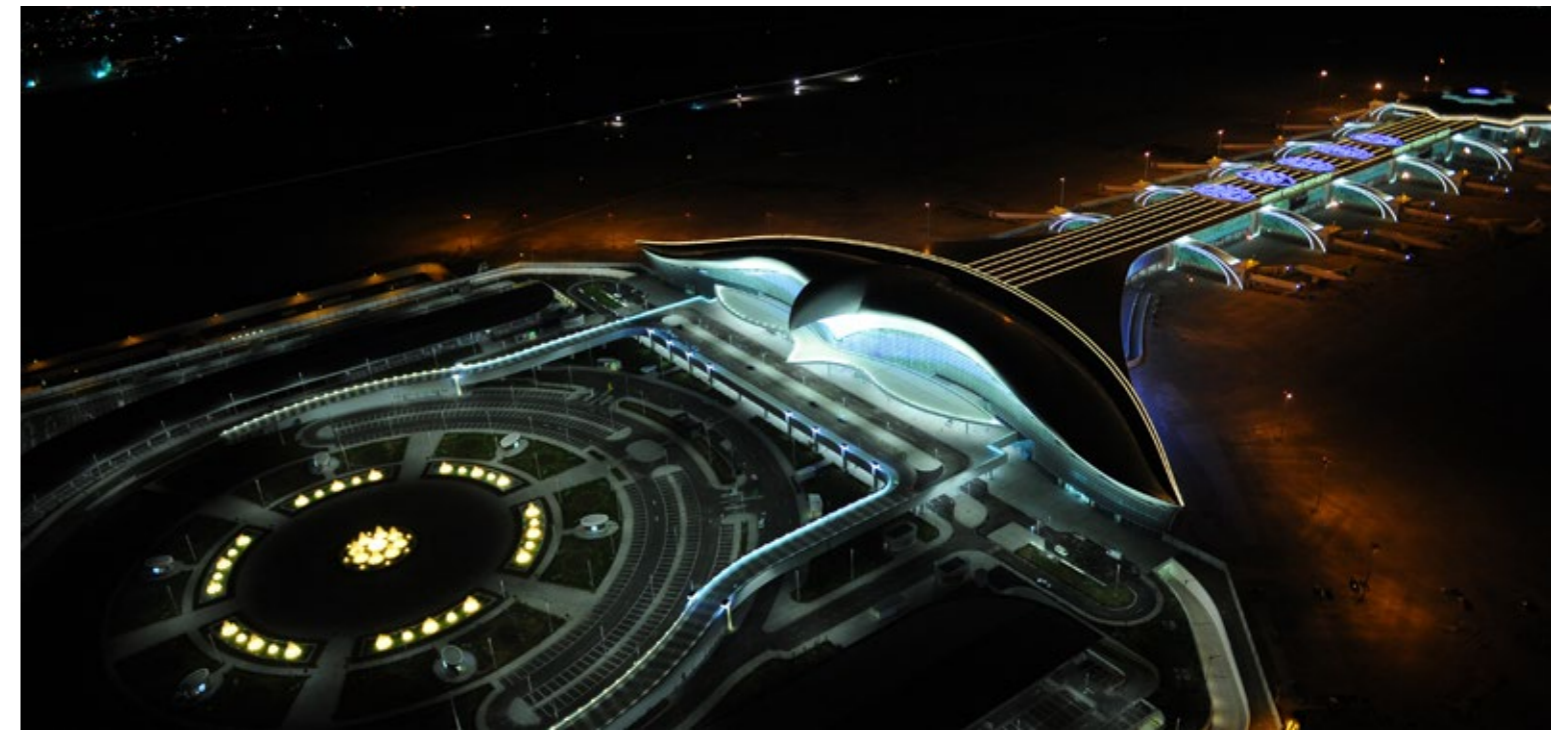

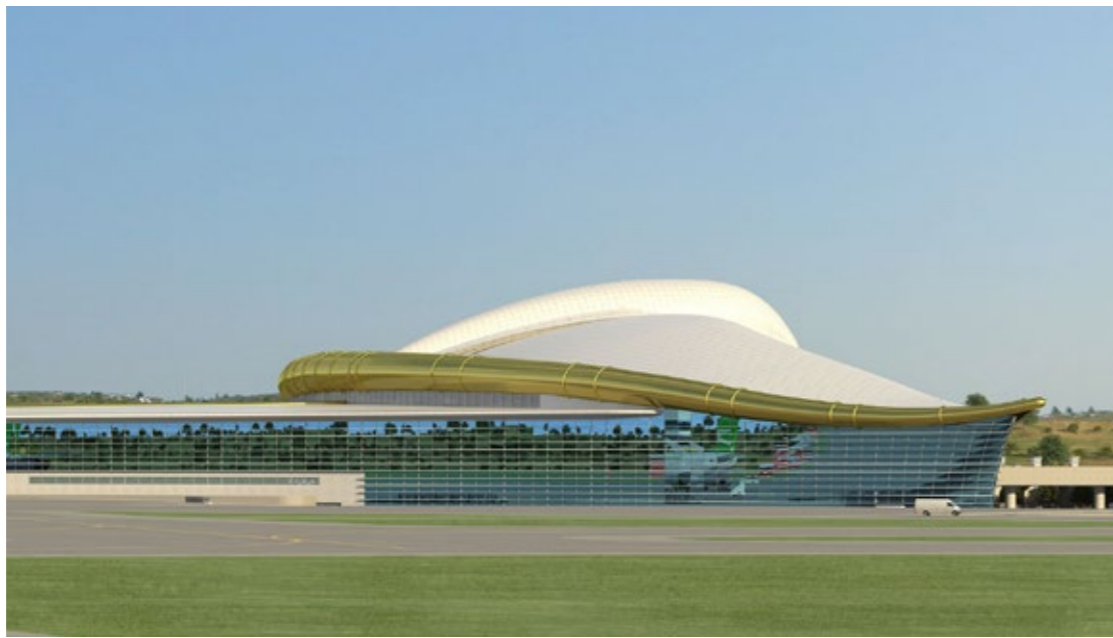

# Ashgabat Airport

Scope  
Structural analysis for all  
façade structure

Client  
ALTES ALUMINIUM

Location  
Ashgabat, Turkmenistan
